

科技

Genius English（天才英语）使用基于内容的教学，以英语的表现形式来将科技教授给学生。这样使得学生除了传统英语（作为一种外语框架）外还能掌握语言学习中的学术用途。Genius English（天才英语）课本中包含了诸多内容来鼓励学生去比较新旧科技，让他们去对现有科技畅想属于自己的用途，提高解决问题的能力，并且引入有关科技及其用途的大量活动。孩子们喜欢想象与谈论未来，而 Genius English（天才英语）恰恰正是提高他们这方面的能力。

Unit 3 My World
Using Technology

Technology has made the world much more convenient. With your phone you can take photos, send e-mails, and watch movies.

Old telephones have **buttons**, but many new phones have **touchscreens**.

With a touchscreen, you can use your finger to **swipe**, **click**, and **tap**. You can also **tilt** and **shake** your phone.

Think, Write, and Discuss

Think about the world before technology. Before e-mail, people wrote letters by hand.

Think of three things that you use that your grandparents did not have when they were children. Talk about them with your classmates.

Before e-mail, _____

Unit 5 My World Clever Ideas

1 Read, Think, and Talk

Read about the two inventions. Which one do you like more? Why? Find someone who agrees with you.

That's a good idea!

Many of the things you see around you, like your telephone or your computer, started as just an idea for an **invention**. One new invention is a **charger** that lets you charge your phone's battery using light from the sun. Another idea for a new invention is a pair of shoelaces that you don't need to tie. When you put your shoes on, the shoelaces tie up without your help! Do you think these inventions are good ideas? Why or why not?

An **invention** is something made from a new idea.
A **charger** is what you charge your phone or tablet with.

I like the _____ because _____

I agree with _____.
